Title R Manuals Literally Translated in Korean

Version 0.0.1.5.2

Author Chel Hee Lee [aut, cre],
Edward Kang [ctb],
Sunyoung Kim [ctb],
Heather Kim [ctb]

Description

R version 2.1.0 and later support Korean translations of program messages. The continuous efforts have been made by <http://developer.r-project.org/TranslationTeams.html> The R Documentation files are licensed under the General Public License, version 2 or 3. This means that the pilot project to translate them into Korean has permission to reproduce them and translate them. This work is done with GNU 'gettext' utilities. The portable object template is updated a weekly basis or whenever changes are necessary. Comments and corrections via email to the maintainer is of course most welcome. In order to voluntarily participate in or offer your help with this translation, please contact the maintainer. To check the change and progress of Korean translation, please visit <http://www.openstatistics.net>.
